

Storypark 

IS NOW AT FAIRVIEW
CHILD CARE CENTRE!

What does this
mean?

WHAT IS STORYPARK?

- Storypark is an online platform where educators can create e-Portfolios for each individual child, share learning stories with families.
- It enables engagement between parents and educators, between children and parents, and with extended family.

BENEFITS TO PARENTS

- Stay connected with your child's learning and development – instant notification of learning stories
- Increase family engagement
- Extend child's learning
- You own and control the account
- Share with extended family

BENEFITS FOR EDUCATORS

- Pedagogy is built into the platform
- Quicker to generate learning stories and share with families
- Ease of engagement and communication with families
- Ease of communication between staff

SAFETY

- Storypark is a password-protected private space for children, teachers and families to share stories, photos and videos with one another. Access to a child's information and stories can only be granted by their primary guardians, and no personal information is shared with any third party.
- Storypark takes security seriously and adheres to government guidelines for cyber-safety
- Parents are the owners of the account and the content.
- Once the account is set up, only the parents/guardians can invite people in.
- Educator and parent contracts
